## **ALPHA GAMMA DELTA TO RECOLONIZE AT SYRACUSE UNIVERSITY**

(INDIANAPOLIS) Alpha Gamma Delta is pleased to announce that today it received an invitation from Syracuse University to recolonize its Alpha Chapter at Syracuse University. Initial colonization recruitment activities will be conducted in fall 2010 and Alpha Gamma Delta will participate in Formal Recruitment in spring 2011.

“We are proud to be invited back to the campus on which our organization was founded,” said Stephannie Sack Bailey, Executive Director. “Alpha Gamma Delta will positively contribute to the Syracuse community by living the values of the Fraternity that our Founders established more than a century ago.”

If you are interested in helping with the Syracuse recolonization, please e-mail Hilary Zimmerman, Extension Specialist, at [hzimmerman@alphagammadelta.org](mailto:hzimmerman@alphagammadelta.org).

From its inception, Syracuse University has been the embodiment of its vision statement—*Scholarship in Action*. Located among the rolling hills of Central New York, SU continues to create opportunities for students and faculty to push limits, build pathways and make connections that lead to new discoveries and transformational change.

“We are very excited about the return of Alpha Gamma Delta Fraternity to our campus,” said Eddie D. Banks-Crosson, Director, Office of Fraternity and Sorority Affairs at Syracuse. “Syracuse University has long history of tradition within our fraternity and sorority community, and we are pleased that Alpha Gamma Delta will rejoin our outstanding community as a viable partner! After all, this is where it all began...Go Orange!”

Alpha Gamma Delta was founded in 1904 at Syracuse University, Syracuse, New York as a women’s fraternity dedicated to scholarship, leadership and community service. Alpha Gamma Delta has installed 183 chapters on campuses throughout the United States and Canada with a total membership exceeding 150,000. One of the first fraternities to establish a philanthropy, Alpha Gamma Delta internationally supports diabetes awareness and education.
