Alpha Gamma Delta Announces Resolution of Chapter at the University of Kansas

(INDIANAPOLIS) It is with deep regret that Alpha Gamma Delta's International Council announces the Epsilon Beta Chapter, University of Kansas, has been resolved as of August 21, 2017. The chapter was first established in 1922. More than 2,300 women have initiated into Epsilon Beta Chapter and many have gone on to be leaders in their careers, within their communities and in Alpha Gamma Delta.

Epsilon Beta Chapter has received dedicated support from Fraternity volunteers and staff for many years. Challenges in achieving continued successful membership recruitment results have hindered the ability of the chapter to provide the quality membership experience for which we seek for any of our sisters.

A chapter installed into Alpha Gamma Delta Fraternity forever exists. Collegiate members of Epsilon Beta Chapter will transition to alumnae members of Alpha Gamma Delta and will continue to experience a lifetime of sisterhood through participation in alumnae activities such as Junior Circles and alumnae chapters or clubs throughout North America.

International Council recognizes the dedication, hard work and sisterhood that have been exemplified by the members, new members and alumnae of this chapter along with the advisor team, Volunteer Service Team members and staff that have supported Epsilon Beta. Alpha Gamma Delta is sincerely appreciative of all individuals who have contributed their time and talent to Epsilon Beta Chapter.

"It is never easy to decide to resolve a chapter of Alpha Gamma Delta," said Rie Gerah Hoehner, International President. "The collegiate experience is intended to be uplifting and inspiring. When that experience is compromised the chapter's ability to grow and retain membership suffers. Our Epsilon Beta sisters remain a valued part of our sisterhood."
